PROFESSIONAL SUMMARY

Backend developer with hands-on experience building and maintaining web applications using Laravel and MySQL. Familiar with REST APIs, Git, and relational databases. Passionate about building scalable backend systems and continuously improving my software development skills.

TECHNICAL SKILLS

Languages: Python, PHP, C++

Databases: MySQL and PostgreSQL

Tools: Git, GitHub, Streamlit

Also comfortable with: Data cleaning and analysis, basic ML (Random Forest), web scraping

PROFESSIONAL EXPERIENCE

Backend Intern

Nov 2025 – Feb 2026

Midas Health Services Pvt. Ltd. — Kathmandu, Nepal

- Assisted in developing and maintaining backend features using Laravel and MySQL.
- Built and maintained backend features in Laravel 10, writing controllers and custom middleware.
- Diagnosed and resolved deployment issues to keep environments stable during releases.

Data Science Intern

Jan 2026 – Feb 2026

Prodigy Infotech — Remote

- Built a data pipeline (cleaning, preprocessing, exploratory analysis) on the Titanic dataset.
- Implemented an NLP sentiment-analysis workflow.
- Created visualizations analyzing global population distribution data.
- Tracked work in Git/GitHub with clear documentation at each milestone.

KEY PROJECTS

Fraud Detection & Booking Classification System

2026

- Built and deployed a Random Forest model to flag fraudulent activity and predict hotel booking outcomes.
- Shipped an interactive Streamlit interface so non-technical users could upload data and run predictions.

Financial Data Acquisition & Analysis System

2025

- Wrote Python scripts to scrape financial data at scale from target websites.
- Cleaned and structured the raw data into pipelines used for downstream financial modeling.

IoT-Based Air Pollution Monitoring System

2025

- Built a real-time environmental monitoring system with a central dashboard for live data and trend analysis.

EDUCATION

Bachelor of Engineering (B.E.) in Electronics and Communication

2021 – 2025

Cosmos College of Management and Technology (affiliated to Pokhara University) — Lalitpur, Nepal

Nepal Engineering Council (NEC) licensing candidate.

TRAINING & CERTIFICATIONS

- Python & Data Science Training — Broadway Infosys, 2025
- Galactic Problem Solver — NASA International Space Apps Challenge, 2023

AWARDS & ACHIEVEMENTS

- Hult Prize Campus Finalist — Sustainable Fashion Redesign Project, Cosmos College, 2023
- Academic Excellence Scholarship — Cosmos College, 2021–2025

LANGUAGES

Nepali (Native) • English (Fluent) • Hindi (Proficient)
